

MIXER FLATSPRAY 10

Airless atomizers | reference : 3B03206000

FLATSPRAY 10 enables application of all types of pasty film fillers. It is a compact, quiet and light machine.

It can be moved up and down stairs by only one person, thanks to its trolley-type chassis.

Cleaning can be made rapidly, only at the very end of the project and the pump can be changed in 5 minutes directly on the construction site.

The machine is equipped with a ball nose pump with integrated filter. Starting is wireless when the gun is opened.

The quick-release hoses make it easier to use on site.

APPLICATIONS

All types of ready-to-use film plasters: smoothing coating, raking coating, casing coating, bituminous coating ...

TECHNICAL DATA

Maximum working pressure	80 bar
Maximum product flow-rate	4,5 L/min*
Electric motor	1,5 kW
Power	230 V / 10 A / 50 - 60 Hz
Type of pump	volumetric screw pump
Pump	JET 1
Tank capacity	45 L
Dimensions (l x w x h)	66 x 43 x 71 cm
Weight	53 kg
Noise level	91 Lwa

(*) depending on the characteristics of the product used, the stator, the rotor, the diameter and length of the hose, the spraying height and the ambient temperature.

DELIVERED WITH

- a Ø16 x 10 m hose
- a spray-gun with nozzle holder
- - a TT3 433 nozzle
- 1 toolbox containing:
 - two spanners 17 and 22
 - a multigrip plier
 - three Allen keys Ø2, 5 and 8
 - three Allen keys Ø2, 5 and 8
 - two cleaning balls and a cleaning brush
 - 1 L of storage liquid
