

Ciocane de forjă SIMPLEX · Rubber composition / TPE-mid; with cast iron housing and hickory handle

3023.081

Descrierea produsului

The SIMPLEX series 3023 is available with the insert combination of TPE-mid / rubber composition.

Ultra low-wear, impact cushioning and odourless, the medium hard rubber insert (series 3202) offers a much longer service life than a conventional rubber hammer.

The grey TPE-mid insert (series 3203) allows for an impact force that is comparable to the black rubber insert. The difference is that it will not leave any undesired black marring.

Made of cast iron, the housing comes with an integrated handle protection sleeve that provides for a high level of break resistance.

The long-fibre and ultra durable hickory handle is varnished and shaped ergonomically.

In line with the smart SIMPLEX principle, all components are replaceable and can be retrofitted. This translates to savings in both money and resources.

- SIMPLEX sledge hammer with the insert combination of TPE-mid (grey, medium hard, non-marring) / rubber composition (black, medium hard, impact cushioning, odourless, low-wear).
- Cast iron housing with integrated handle protection sleeve and excellent break resistance.
- Long-fibre and ultra durable hickory handle, varnished and shaped ergonomically.
- All parts can be replaced / retrofitted, resulting in great savings in cost and resources.
- Available in D80mm.

Domeniul de aplicații

Gardening and landscaping, curbstone setting, L-stone setting, masonry and stairs setting, fence construction, carpenter's work, prefabricated house construction, placing roof trusses

Material

Mâner

- Hickory

Insertia 1

- Cauciuc compozit, negru
- Medium tare
- amortizare de impact
- Fără miros
- Uzură scăzută

Insertia 2

- TPE-mediu, gri
- Medium tare
- Nu lasă urme

Carcasă

- Fontă
